

## EXHIBITOR WORKSHOPS

**FRIDAY 12:30—1:15 PM**

### **Classical Conversations | Game Room**

“5 Core Habits to Help Your Child Learn Anything”

Come and hear about how you can help your child acquire the essential habits to learn anything. This talk will model these “core habits,” allowing you to experience them yourself!

### **RightStart Mathematics | Fireside Room**

“RightStart Middle School Math”

Prepare your middle school student for higher level math by encouraging them to think critically and creatively with the RightStart Math Level G. This is an entry level, student-lead course emphasizing the practical use of knowledge learned up to this point. This is not a typical boring worksheet curriculum, rather is a hands-on approach with a real-life application and a focus on understanding. Come and learn more about this innovative program.

### **BJU Press Homeschool/HomeWorks by Precept | Chapel**

“Step Back and Relax”

Stressed out trying to balance schooling, extra-curriculars, home life, church, and a zillion other things? Take a break and learn some tips and techniques to help de-stress, prioritize, and get better sleep.

### **Fargo Grassroots | Room 214**

“Guardians of Freedom: The Future of Homeschooling May Depend on You”

Description: Are you new to political involvement? Would you like to learn more about how to become involved at the grassroots level? Come and learn how you can make a difference in your community and state.

### **First LEGO League | Room 216**

Parents, FIRST LEGO League inspires young minds (ages 9-14) to think like scientist and engineers along with technology and math by coming up with solutions to solve world problems. We have guided packets to help today's teachers/coaches/mentors teach students to think through projects and building of their robots. Come and see our demonstration of FIRST LEGO League robot and missions. See how easy it is.

**SATURDAY 12:30—1:15 PM**

### **Classical Conversations | Game Room**

“Experience the Classical Education Model”

Experience Classical Education in action! We will model and practice the three arts of the trivium: grammar, dialectic, and rhetoric. This interactive session will demonstrate how learning progresses throughout a student's life.

### **Bluegrass Association of ND | Fireside**

“JAMFEST”

Come and have some fun at a good old-fashioned jamfest! If you play bluegrass instruments (acoustic six-string guitar, fiddle, mandolin, 5-string banjo, Dobro guitar, upright bass), please bring them to the session. If you don't play an instrument, you're welcome to come and enjoy the music.

### **Fargo Grassroots | Chapel**

“Guardians of Freedom: Why the Future of Homeschooling May Depend on Your Voice”

Description: Are you new to political involvement? Would you like to learn more about how to become involved at the grassroots level? Come and learn how you can make a difference in your community and state.
